

**TOYOTA
PRADO V6**
THE PERFECT CONVERSION

CLEAN - ECONOMICAL
- POWERFUL - DURABLE

...the next generation LPG system

Australian LPG Warehouse has added another Emission certified kit to its lineup. As usual this kit is fully backed by the Australian LPG Warehouse with a **100,000km 3 year warranty.**

**All of our kits are
developed and tested for
Australian
conditions using the
latest technology**

The complete kit includes our **Premium JTG Liquid Injection system.** This top of the line system continues to amaze our customers with its **performance, fuel economy** and most importantly, its **durability.** You can be guaranteed that the system you install will out perform its counterparts.

With the use of our Icom cylinder, you get the benefit of 61lt's of useable LPG increased driving range and no loss of vehicle load space.
